Te Whare Korowai Taangata o Kirikiriroa

ABOUT TE WHARE KOROWAI

Since 1999, Te Whare Korowai has provided accommodation and support to the homeless adults in Kirikiriroa. To this day we are dedicated to providing safe emergency and transitional housing and support to homeless single adults.

Some of our guests have complex needs, are a wide range of ethnicities and have varied life experiences. Many have serious current medical or mental health issues and/or are dealing with different aspects of the criminal justice or legal system.

Te Whare Korowai is placed at the very beginning of the housing continuum, where other, more appropriate alternative accommodation is unavailable.

The korowai in our logo symbolises the shelter, warmth, protection and support we provide for our community. Each feather in the korowai represents people coming together either accessing our services or supporting our organisation, we are all one big whanau!

HOW WE DO IT

BESPOKE WRAP AROUND SUPPORT

Support Worker

We have 24/7 support available for our guests. Our support workers are a first point of contact within our service and are there to provide a listening ear and/or company.

Social Work

Our social workers offer practical and therapeutic support, helping guests understand their challenges gently. They assist with accessing additional services if needed, and, through comprehensive assessment, guide guests in crafting personal narratives, setting goals, and planning steps to achieve them.

Kaiarahi - to assist with whaanau and Te Ao Maaori linkages

As kaiarahi, we focus on renewing the core connections of wairua, whaanau, and whenua. We help re-establish family ties, build new community connections, and guide understanding of Te Reo Maaori. Our role also includes fostering connections to Te Ao Maaori and the land.

Addictions Counsellor

Our qualified addictions counsellor supports our guests who have past or current challenges and need expert help in their recovery.

Housing Navigator

Following entry to our accommodation, our Housing Navigator will complete an assessment which will help ascertain what the barriers are to finding and maintaining a stable home. They will then work with the guests to help attend to those barriers and facilitate the process of securing sustainable housing.

Mental Health Recovery Facilitator

Our Mental Health recovery and support facilitator serves as a vital link for our guests to access mental health services. They play a pivotal role in obtaining the necessary support for our guests when needed, ensuring they have access to the resources essential for their recovery journey.

HOW YOU CAN MAKE A DIFFERENCE

Te Whare Korowai is placed at the very beginning of the housing continuum. Our guests and visitors are the ones who have fallen through the cracks of society and need the basic help and support to survive.

With your support, individuals who are homeless and housing vulnerable will receive the assistance they need, leading to improved well-being and a step closer to having their very own home.
